- (1) Baltic securities are held in a Baltic securities account and foreign securities are held in an intra-bank account.
- (2) Foreign bank fees exceeding the SEB Estonia transaction fee to be added.
- (3) The maintenance fee for a private person's securities account is calculated once a month on the last banking day on the basis of the aggregated value of securities kept on the securities accounts. The maintenance fee for a legal person's securities account is calculated once a month on the last banking day on the basis of the aggregated value of securities kept on the securities accounts tied to one cash account.
- When calculating the value of securities, the bank proceeds from the net asset value (NAV) of the fund unit, for bonds - from the nominal value, for traded shares - from the market value or the most recent price, known to the bank. For the rest of the securities, the bank proceeds from the par value of the security or the accounting par value of the security. If information about the par value cannot be obtained from the financial data vendor, the par value shall be deemed to be 1. The maintenance fee of the securities account and the fee for the statement shall be debited from the client's cash account tied to the securities account once a month, the latest by the 15th day of the following calendar month. For private clients safekeeping fee shall be taken from the current account linked with the oldest securities account.
- (4) A securities account opened on behalf of a minor or an adult with restricted active legal capacity, for whom guardianship has been established, for executing securities transactions on the account of the assets of a parent or guardian, arising from the Family Law Act. A service fee as per price list shall apply when opening a Baltic securities account.
- (5) Processing of securities transactions related to the child's special type of account, which requests further analysis in order to ascertain the eligibility of transactions on the child's special type of account (securities, obtained previously on the account of assets of the parent or guardian, securities transactions between customers, etc.) Maximum time of processing is 5 working days.
- (6) For ADR (American Depositary Receipt) and GDR (Global Depositary Receipt) bonds, direct costs related to safekeeping the securities may be added, which the bank debits from the client depending on the conditions of the specific ADR or GDR either once a month, quarter, half-year or year. VAT shall be added to the service charge as per Value Added Tax Act.

Price List

Effective as of 01.09.2022

- (7) Baltic Central Securities Depository gives issues a securities account statement upon request of the securities account owner once a year - free of charge.
- (8) The Stamp Duty is generally levied on purchase transactions of British and Irish securities, which in Great Britain is 0.5% and in Ireland 1%.
- (9) For transactions with certain Polish securities (such as OTC transaction without broker), the Stamp Duty of 1% on the transaction amount may be added. The buyer of the securities shall pay the Stamp Duty and submit the required documentation directly to the tax authority in Poland.
- (10) If the securities account contains both, marketable as well as non-marketable Estonian securities (excl. fund units), which are registered with Baltic Central Securities Depository then the non-marketable securities (excl. fund units) are not included in the portfolio value and maintenance fee is charged only for the marketable securities.
- (11) VAT shall be added to the service charge as per Value Added Tax Act. VAT is not added to monthly maintenance fee, if the securities account holds only the units or shares of a mutual fund stipulated in the Investment Funds Act or a mutual fund of a Member State of the European Economic Area.
- (12) As regards the transaction fees for participants in optional corporate events, potential "out of pocket fees" (e.g. notary fees, transport costs) will be added, which will be divided between the participants in the corporate event pro rata to the quantity of their securities.
- (13) Structured bonds, the issuers of which are credit institutions and the primary distribution of which has been introduced to the client by the Bank.
- (14) Only those accounts, which contain **only** the securities of Estonian companies, which are either bankrupt or under liquidation, are exempt from a monthly maintenance fee, based on the information received from the Baltic Central Securities Depository. Monthly maintenance fee is not calculated, if the only securities held in the securities account throughout the entire calendar month are those, belonging to Estonian companies, which are in bankrupt or under liquidation.
- (15) The commission fee rate of deals with a broker shall be calculated from the transaction amount
- (16) A financial transaction tax of the respective country may be added to the transaction (e.g. 0.3% of the transaction amount in case of purchasing securities of an issuer in France and 0.2% of the transaction amount in case of purchasing securities of an issuer in Spain).
- (17) Securities are held in an intra-bank securities account.
- (18) In case of specific countries, foreign securities bank may not offer prevention and refund of income tax.
- (19) An additional fee may be added to the transaction pursuant to the offering documents of the respective instruments.
- (20) The precondition to executing transactions with these bonds is the submission of the required tax documentation. For this, please contact the bank before making the transaction.
- (21) Applies, if the account includes securities with up to five different ISIN-codes. Starting from the transfer of sixth and subsequent securities positions with a different ISIN-code, a fee for securities transaction without payment shall be added.
