

# Growth Portfolio Junior pricelist

Valid for contracts concluded  
from 04.04.2017

**Management fee** – 1% of the accumulated reserve per year, but not less than 0.64 euros a month.

Accumulated reserve is reduced by management fee on the 10th day of each month or on the following working day, until transfer day.

**Fund unit exchange fee** – 3 euros

Fund unit exchange firstly includes sales transaction and then purchase transaction. Fee is charged from sales amount before purchase transaction.

Fund unit exchange fee in SEB Internet Bank – 0 euros

**Disbursement fee** – 12 euros

Disbursement fee after transfer day – 0 euros

## Risk fee

Risk fee is fee for insurance covers.

Accumulated reserve is reduced by risk fee on the 10th day of each month or on the following working day, until transfer day.

**Risk fee for life insurance cover** – 0 euros

Risk fee for chosen insurance covers are specified in the policy, except the risk fee for continuation of insurance premiums.

Risk fee for continuation of insurance premiums is calculated as a product of the sum of contributions from the 10th day of each month until transfer day and tariff.

## Calculation example of risk fee for continuation of insurance premiums:

Policyholder is 36 years old, monthly contribution is 30 euros and transfer day is in 15 years or 180 months.

Sum of contributions =  $180 * 30 = 5,400$

Risk fee =  $0,00026 * 5400 = 1.40$
